The National Diabetes Education Program has more information to help you manage your diabetes. Visit [ndep.nih.gov](https://www.ndep.nih.gov).

Medicare helps cover diabetes supplies and services to help keep you healthy.

Things to ask your doctor or other health care professional **at your next visit:**

- How to sign up for Diabetes self-management training
- What kind of nutrition plan you need (medical nutrition therapy services)
- How to find a program to quit smoking
- If you need a pneumococcal shot

Things to do **at each visit:**

- Go over your blood glucose readings
- Find out your A1c level
- Get your feet checked
- Get your weight and blood pressure checked

Things to get **at least once a year:**

- A flu shot
- A dilated eye exam
- A foot exam (including check of circulation and nerves)
- A test to check your kidneys
- Cholesterol and lipid tests

Remember, talk to your doctor or other health care professional anytime you have questions or concerns about diabetes.
